In Attendance for Labor: Rob Compton and Mark Ferrara

The meeting started at 3 pm.

UUP and MGT discussed important issues at this small group dedicated meeting and mutually agreed to conduct LM meetings next semester with the same format. The first and last meeting of the semester would be small group and more informal and the meeting sandwiched in will be large group.

At this meeting we discussed the situation of PT faculty and their status for continued employment. UUP noted that it would encourage our members who do not have reasonable assurances of employment in the fall to file for state unemployment benefits.

We also discussed the need for a robust and funded contract for UUP members to address salary issues on campus.

UUP and Management acknowledge the tremendous amount of work that went into the various negotiations and their completion. These included RTP, Faculty Success, and Student Course Surveys (SCS).

UUP discussed with Management some permutations to move to a 3-3 teaching load.

UUP and Management affirmed commitment to observance of Labor Day.

We discussed training for Brightspace and the current training system for teaching online certification and our reservations. UUP awaits the hiring of the Graduate School Dean regarding faculty graduate teaching status.

Lastly, UUP also noted that we will complete Part 2 of the Eighth Quality of Professional Life and Administrative Survey.

The meeting ended at 4:15 pm.
